

VA-100 - Cyanoacrylate Glue

Superglue, 12 g, medium viscosity, WEICON Contact VA-100 is a universal adhesive for glueing together metals, plastic and rubber. VA-100 is ideally suited for do-it-yourself applications but can also be used in many industrial areas.

Tekniske data

Description	: superglue
Nominal value	: 12 g
Type	: medium viscosity
Colour	: clear
Material	: -
Suitable for	: metals, plastic, rubber, ceramics
Power supply	: -
Admiss. ambient temp.	: -
Dimensions	: -
Length	: -
Mounting dimensions	: -
Weight	: 20 g
Connections	: -
Other features	: -
Packing unit	: 1
