## Tekniske data

|                      |                         |
|----------------------|-------------------------|
| Description          | : momentary push-button |
| Type                 | : miniature PCB         |
| Wafers               | : -                     |
| Contacts             | : -                     |
| Switching function   | : -                     |
| Switch positions     | : -                     |
| Power rating         | : 1 A                   |
| PC spacing           | : 5 mm                  |
| Colour/colour coding | : red, blue             |
| Mounting hole        | : -                     |
| Mounting depth       | : -                     |
| Dimensions           | : 10 x 10 mm            |
| Weight               | : 2 g                   |
