

## LSIP-39 - Air Coil

Air core coil, 0.39 mH

High power rating and low resistance due to 1.2 mm wire, distortion-free, perfect midrange and 2-way coils for hi-fi applications.

## Tekniske data

|                           |                          |
|---------------------------|--------------------------|
| Description               | : air core coil          |
| Nominal value             | : 0.39 mH                |
| Rated voltage             | : -                      |
| Power rating              | : 300 W                  |
| Frequency range           | : -                      |
| Housing                   | : -                      |
| Colour/colour coding      | : -                      |
| Enam. copper wire(CUL)    | : $\sim 1.2$ mm          |
| DC resistance             | : 0.25 Ohm               |
| Saturation current(50 Hz) | : -                      |
| Primary                   | : -                      |
| Secondary                 | : -                      |
| Pin spacing               | : -                      |
| Packing unit              | : 1                      |
| Dimensions                | : $\sim 59$ mm x $19$ mm |
| Weight                    | : 126 g                  |
| Pos.                      | : -                      |
| Other features            | : -                      |
